Utah Public Service Commission

We would like the PSC to re-open Docket 07-057-13 for public comment, and to remove the NGV rate decision until broader policy issues of Docket 08-057-21 are decided on. Also, the "Wexpro" gas should continue to be included in NGV rate calculations.

Thank you for considering this important issue.

Sincerely,

A handwritten signature in cursive script that reads "Steve and Tia Hayward". The signature is written in dark ink and is positioned above the typed name.
