**SUBJECT:**  
RE: "DOCKET NO. 07-057-13" In the Matter of the Application of Questar Gas Company to Increase Distribution Non-Gas Rates and Charges to Make Tariff Modifications. As Filed by the Commission on Monday, December 22, 2008

Governor Huntsman,  
I recently bought an NGV because I drive 40 miles each way to work (West Jordan to Provo) and wanted to find an alternative way to 1) save money on fuel and 2) help in my way to clean the air in Utah. Although I am in favor of paying my fair share to help provide a better CNG infrastructure I don't believe it fair for the PSC to charge some kind of "National Average" just because they can.

Thank you,  
David Kronenberg
