Sam Blundell, 8/31/2009

Cost of Stations

- Estimates included in grant:
 - New station ... \$600,000 1/ 2/
 - Up grade existing station ... \$468,000 2/

1/ Does not include land costs.

2/ All stations are installed in accordance with NFPA 52 and all local codes and regulations.

Future Outlook

- I-15, I-80, I-70 potential expansion
- Home refueling
 - Done for convenience
 - May require more R&D
 - May not be as economic as the public stations
- OEM
 - Discussions with Ford and others , utilities would place large orders for dedicated vehicles
- EPA/Certification

- Questions
