This is a formal request that I be made an official "party" to Docket 08-057-21 regarding

natural gas for vehicles in the State of Utah. I am a resident of the state and depend solely

on natural gas for 100% of the operation of two of my vehicles. Thus, I am directly

impacted by any decisions made by the commission regarding this matter. According

to state law, I am qualified and eligible to be a party to this case.

Please respond that you have received this correspondence and that you have added me

as an "official" party to the case.

Thank you,

David Scott Raine

Subject: Fwd: PSC Commission Docket 08-057-21

Good Afternoon,

The scope of this docket has not been set and will be considered at the initial technical conference. Whether the Utah Administrative Procedures Act (UAPA), Utah Code 63G-4-101 et seq. applies to the activities in the docket and whether UAPA's procedural rules apply has not been determined. Hence, "party" status, under UAPA, is not resolved at this time.

The Commission notes your interest to participate in the docket and will provide information as it become available. You may subscribe to the Commission's web site for this docket to obtain electronic notice of developments or documents as they are filed in this docket. To do so, click on this link: <http://www.psc.utah.gov/utilities/gas/gasindx/0805721indx.html> and add your email address in the box near the top of the page that says "Watch this Docket."

Thank you,
Merilee Livingston
