SUBJECT:

Please reconsider the Public Service Commission's Dec 22, 2008 ruling on NGV rates (Docket 07-053-13).

I purchased my 2002 Cavalier CNG vehicle for three reasons:

- 1- Save money on less expensive fuel allowing me to spend my money on ther American (and locally) produced products.
- 2- Do my part to reduce my carbon footprint on earth therefore NOT contributing to valley inversions.
- 3- Keep all my fuel monies spent in America instead of sending it to our enmeies so they can use it against us (America) to destroy our people and ways of life.

Govenor, we need your help. It seems to us that the PSC is not representing the citizens in our best interest. Please, please help!

Sincerely,

Shawn Schiess
