

NATURAL GAS PRICE CHANGES

~~Untitled~~

Utah Public Service Commission
Heber M. Wells Building
160 East 300 South
Salt Lake City, Ut 84114

To whom it may concern:

We the undersigned persons do oppose any and all legislation and, or acts that would increase the price of natural gas for use in vehicles, or homes for that matter.

As a department of public service it is your duty to serve the people not Government interests. By this we mean all acts to serve the people for the benefit of the people in all respects.

So as citizens of this nation we ask that you re-evaluate the decision to calculate the cost of service at National Market Rates, For natural gas.

Sincerely:

Kimberly N. Spencer
Margaret G. Raynor
Sheri D. Spencer
