Below is an inquiry which was received by the Governor's Office of Constituent Services on 01/15/2009. Please respond directly to the constituent and reply to this email with a copy of your response by 1/29/2009.

Tom m vanderberghe

SUBJECT:

I have purchased a CNG auto in the last year and was dismayed to see the rate is going to go up. I believe this is the best way to get ourselves out of the market for foreign oil and think we should do all we can to keep the cost low. I believe we can keep our current cost for CNG the lowest in the nation, and not let rates be increased by big corporations in the name of increased profits. Please don't let rates go up, Help us!
