COMPLAINT TYPE: Other

COMPLAINT: I am opposed to the rate hike authorized for natural gas for vehicles. Questar did not request the increase. Questar is using a 50 cent per gallon federal excise tax credit to keep the price low - other customers do not subsidize the low price. I heard no complaints from anyone about the low price - it has been that way for 20 years. The rate increase doesn't benefit anyone. Why would your commission change the process now?

SUGGESTED RESOLUTION: Reverse the decision - let the price stay where Questar has it set
