Re: *Questar Gas Company's Confidential IRP Revision to Second and Third Quarter Variance Reports and Fourth Quarter Variance Report Covering the period from February 2010 through April 2010 for Docket No. 09-057-07 (May 2009 IRP)*

Dear Ms. Orchard:

In compliance with the Modified Standards and Guidelines for Integrated Resource Planning, Questar Gas Company submits an original and five copies on yellow paper of its Fourth Quarter Variance Report for the months February 2010 through March 2010.

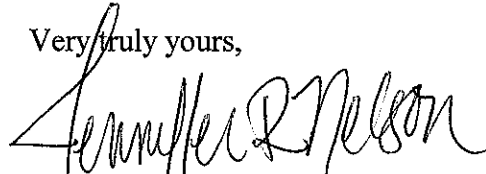

Questar Gas also submits certain revisions to its Second Quarter Variance Report for August 2009 through October 2009, and for its Third Quarter Variance Report for November 2009 through January 2010. While it was preparing the Fourth Quarter Variance Report, Questar Gas Company discovered minor errors in the data utilized for creating New Drill Report Supplemental Graphs. Questar Gas Company has corrected the errors and generated new graphs. Questar Gas Company respectfully requests that the attached supplemental graphs be substituted, as more particularly described in the attached documents, for the graphs previously submitted.

These reports are filed as confidential information pursuant to the Protective Order issued in this docket and pursuant to Utah Admin. Code § 746-100-16 *et seq.* Questar Gas desires that this information not be released to the general public because to do so could put the company at a bargaining disadvantage with producers. Questar Gas requests that the Commission maintain this report as confidential pursuant to the Protective Order and the applicable rules and regulations. The Company will provide confidential copies of this report to the Division of Public Utilities and the Committee of Consumer Services pursuant to the Protective Order and the confidentiality provisions of Utah Admin. Code § 746-100-16, *et seq.*

Ms. Julie Orchard
