RECEIVED

Mr. Logan,

I am not sure if you are the person to contact. However, I'm sure you can forward this message to the appropriate person in your organization if you are not the correct person to contact. I am compelled to send a message voicing my opinion regarding the up-coming Questar Gas request for rate increase.

With many Utahans in noticeable financial difficulty due to the recession and increasing costs of every thing from gasoline to produce, I believe now is NOT the time to grant a rate increase to Questar Gas. I believe the share holders of Questar Gas can and should take a "hit" just like all the rest of us who are trying to make ends meet in this difficult time.

Respectfully,
Dennis Morrison
