ISSUED: December 29, 2011

By The Commission:

On December 2, 2011, Questar Gas Company (Questar) filed an update of their Utah Natural Gas Tariff PSCU 400, §2.02, GS Rate Schedule and §2.03, FS Rate Schedule in compliance with a Utah Public Service Commission (Commission) order issued on September 30, 2011, in Docket Nos. 11-057-08, 11-057-09, 11-057-10 and 11-057-11. On December 19, 2011, the Utah Division of Public Utilities (Division) filed a response to the Commission's action request recommending the Commission accept the tariff sheets as filed.

On December 22, 2011, the Division filed a subsequent memorandum recommending the Commission suspend the tariff sheets filed in this matter on December 2, 2011. Based on preliminary December sales results and colder than normal weather, the Division explains Questar has concluded the increase in the supplier non-gas rates for the GS Rate and FS Rate Schedules requested in Docket No. 11-057-T06 should be suspended until February 1, 2012.

Based on the Division's recommendation, the Commission finds it to be in the public interest to suspend the proposed tariff filing until February 1, 2012.
