Re: PSCU Docket No. 12-057-13, Wexpro II Agreement
PSCW Docket No. 30010-123-GA-12, Wexpro II Agreement

Dear Commissioners:

During the process of responding to Wyoming Public Service Commission's Data Request No. 5.11, the Company discovered clerical errors in two Exhibit footnotes and on the flow chart on Exhibit F. These errors are summarized as follows:

Exhibit A, page 3, footnote 3 should have referred to the "Commission-Allowed" ROR.

Exhibit B, Replacement, footnote 3 should have referred to the "Commission-Allowed" ROR.

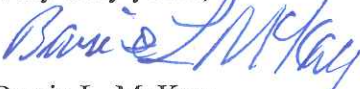

Exhibit F, page 1 should have referred to the "Commission-Allowed" ROR and the percentage should currently be "8.428%."

Attached please find a copy of the replacement pages for the identified pages from these three exhibits. For comparison purposes, also attached are red-line/strikeout pages of these same pages.

We have spoken with representatives of the Utah Division of Public Utilities, the Wyoming Office of Consumer Advocate, and Wexpro. All Parties to the Wexpro II Agreement agree that the attached corrections are appropriate and that these replacement pages replace the original pages.

We apologize for any inconvenience caused by the clerical oversights in these pages as originally filed. Please let us know if you have any questions regarding these replacement pages.

Very truly yours,

Barrie L. McKay
Vice President Regulatory Affairs
