MOVE TO QUASH, MOTION TO DISMISS

306640

-BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH-

RE: Docket No. 12-057-17
FORMAL COMPLAINT OF House of Fuell AGAINST QUESTAR GAS COMPANY.

We request that we meet in person that we might face our accusers in a formal setting as is applicable to any woman or man who has been told that the legal tender that has been remitted is not legal tender. Therefore it is requested that ALL named parties from QUESTAR GAS be present and that NO decision be made with out such face to face meeting to address this formal complaint.

We accept all (who may be reading this), Oaths of Office or the Oath of Office underwhich you fall, your bond and bind you to that Oath.

Forgive us for our not being trained in the art of Color of Law. We being **absolute biological property** of our Heavenly Father can therefore only be cognizant of His Laws and NOT those manmade laws being intended for those who are U.S. citizens.

We have merely attempted to zero our account with QUESTAR GAS. As is stated in a letter to Kevin Hadlock and carbon copied to PUBLIC SERVICE COMMISSION, Arminda Jurgenson and Linda Kizerian, dated November 26, 2012, (Kevin Haddock being assigned to disperse copies) copy attached, **"Since this is a prepaid account and exempt from levy, you are therefore in commercial dishonor for non-acceptance and payment under section 3-505-510 (3-501-505 typo) of the U.C.C. and are subject to forfeiture and collections under [GAAP] Generally Accepted Accounting Principles. I want these payments posted in the amount of \$195.00 for May 17, Sept 06, \$224.85 and Oct 28 \$354.24 or in the alternative send me the 1096 or 1098 tax returns for this account along with the 1099OID and 1099INT forms, these will show who the payor and recipient of my funds are."**

As this is clearly a tax matter, you, Melanie A Reif, Administrative Law Judge, operating as a back-up withholding agent for the IRS, must needs enforce your codes upon those who are subject to those codes. As is confessed in the "MOTION TO DISMISS" brief (?) (MOTION) signed by Arminda I. Jurgenson, QUESTAR GAS has refused to complete and return any of the requested information, including the W-9.

Arminda I. Jurgenson in her MOTION, which looks to us like an affidavit, signed *without a notary seal and signature and without the "penalty of perjury" statement*. So what is Arminda I. Jurgenson really saying? - Nothing on the record.

Therefore Arminda I. Jurgenson can say in her MOTION (pg 6) *"the Oct. Money Order not only neglected to reference any recognized financial institution but also fails to carry any indicia of credibility."* And on (pg 7) that *"Questar Gas has complied with all statutes, Commission rules, and Tarriff provisions with regard to accepting payment from the Fuell's for natural gas service"*

MOVE TO QUASH, MOTION TO DISMISS
20121217PSC-JDRSFvQG

and "required forms of payment and has not received any payment recognized by the Bank as legal tender" and "the Fuell's have presented no claim for which relief may be granted" without any potential harm or loss of BAR license.

It is just common sense! Has QUESTAR GAS *returned the original* remittance to us? If no, then they have accepted remittance.

Has a WELLS FARGO officer sent in an affidavit signed under penalty of perjury that what WELLS FARGO is purporting, that the May Money Order "RETURN UNPAID NON-TREASURY ITEM." ? NO! Why? Because they have in fact received funds from the Treasury and are not willing to sign an affidavit to perjure themselves.

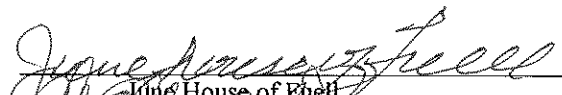

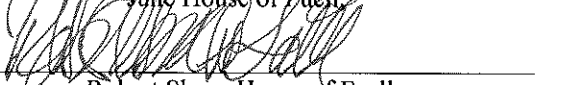

Has a QUESTAR GAS officer sent in an affidavit signed under penalty of perjury that what QUESTAR GAS is purporting, that the May Money Order "RETURN UNPAID NON-TREASURY ITEM." ? NO! Why? Because they have in fact received funds from the Treasury or WELLS FARGO and are not willing to sign an affidavit to perjure themselves.

We are requesting relief to the full extent of the law for the time spent (30 hrs so far X \$1,000.00/hr) having to answer QUESTAR GAS inquiries, make phone calls to attempt to resolve QUESTAR GAS frivolous replies as well as going with out heat for an entire weekend.

Relief may be granted to us (House of Fuell) upon proper creditation of the tax assessment, that is, filling out the proper IRS paperwork as has been heretofore requested, that the 1099INT and 1099OID taxes may be credited properly to the issuer of the credit, as well as ALL future remittances. Kevin Hadlock (QUESTAR GAS) being the trustee and fiduciary has failed to act in his fiduciary capacity.

RE: Letter Rogatory to
Account # [REDACTED]

November 26 2012

Attention Kevin Hadlock:

I am writing in regard to your recent accounting services, which shows that you are not crediting the funds to my account and you have not returned the bills of exchange back to me. Since this is a prepaid account and exempt from levy, you are therefore in commercial dishonor for non-acceptance and payment under section 3-505-510 of the U.C.C. and are subject to forfeiture and collections under [GAAP] Generally Accepted Accounting Principles. I want these payments posted in the amount of \$195.00 for May 17, Sept 06, \$224.85 and Oct 28 \$354.24 or in the alternative send me the 1096 or 1098 tax returns for this account along with the 1099OID and 1099INT forms, these will show who the payor and recipient of my funds are. Since you are the Trustee and Fiduciary of my account under a pooling and service agreement, I want the Trust Account # and name of the Trust and the name of the Indenture Trustee who is handling and paying the interest on the Certified Securities to the DTC relative to this account. I also want a certified copy of the application determining the eligibility of the trustee to the act under subsection (a) of section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the commission under Section 305 (b) (2) of the Trust Indenture Act. I also want certified copies of the N-8A registration filed pursuant to section 8 (a) of the Investment Company Act of 1940, the 10-K annual report, S-3 registration statement, and S-4, the Prospectus filed pursuant to rule 424B5 with the Security Exchange Commission under sections 13 and 15 (d) of Securities Exchange Act of 1934. As the owner, principle and creditor I am giving you 30 days to post the funds to my account or comply with my demands relative to the above forms.

Very Sincerely, *June House of Fuell*
