Transportation Applicability

5.01 CONDITIONS OF SERVICE

APPLICABILITY

This service applies to transportation of customer-acquired gas through the Company's distribution system from an approved interconnect point between the Company's distribution system and an upstream pipeline to a redelivery meter serving customer's premises. Each transportation service customer must identify in the contract the interconnect/delivery points(s) where it will deliver its natural gas supply into Questar Gas' system. Questar Gas reserves the right, as provided herein, to require each transportation customer to deliver its natural gas supplies to alternate interconnect/delivery points, identified by Questar Gas Company when, in Questar Gas' sole discretion, its operational or other needs support such a change.

Interruptible Testing

- Test at least one time annually
 - Between November 1 and March 31
