## ACTION REQUEST RESPONSE

To: Utah Public Service Commission

From: Utah Division of Public Utilities

Chris Parker, Director

Artie Powell, Energy Section Manager

Date: November 15, 2013

Re: **Close Action Requests**

Docket No. 13-057-13. In the Matter of the Application of Questar Gas Company for Approval to Include Property Under the Wexpro II Agreement.

## RECOMMENDATION

The Division recommends that the Commission close the two Action Requests in this docket.

The Division will participate in the docket according to the Commission's ordered schedule.

## ISSUE/DISCUSSION

On or about October 3, 2013, Questar Gas Company ("QGC") filed a notice of intent to file an application seeking approval to include a property under the Wexpro II Agreement. The Commission issued an Action Request to the Division on October 4, 2013, seeking input and recommendations. The Commission noticed a scheduling conference on October 7, 2013, to be held on October 22, 2013. However, when QGC's filing was delayed, the Commission cancelled the scheduling conference.

QGC filed its application on November 5, 2013. That same day, the Commission noticed a second scheduling conference for November 7, 2013 and issued a second Action Request to the Division. On November 12, 2013, based on the discussion at this second scheduling conference, the Commission ordered a schedule in this docket.

The ordered schedule establishes dates for initial and reply comments, and a hearing. The Division plans on participating according to the Commission's approved schedule. Therefore, the Division recommends that the Commission close the two Action Requests in this docket.
