Subject: Questar Gas Company 15-057-T05

TARIFF In the Matter of Questar Gas Company's Filing to Comply with the Commission's Bench Order Issued on September 24, 2015, in Dockets Nos. 15-057-11, 15-057-12, 15-057-13, 15-057-14

---

### RECOMMENDATION

Following the Public Service Commission of Utah (Commission)'s bench order issued at the conclusion of the above specified hearings on September 24, 2015, Questar Gas Company (Company) offered revised tariff sheets for approval which the he Division of Public Utilities (Division) recommended for Commission approval on September 29, 2015. The Division now recommends that the remaining tariff sheets filed by the Company on December 3, 2015 be approved as well.

### BACKGROUND

On September 24, 2015 the Commission held hearings on the above listed dockets and issued a bench ruling approving the proposed rates. As a result of those proceedings, tariff sheets were filed and the Division recommended approval. The Commission approved the tariff sheets on September 29, 2015, and the approved rate changes took effect on October 1, 2015. On December 3, 2015 the Company filed the CET tariff sheets and the Commission issued an Action Request directing the Division to investigate the tariff filing. This memo is the result of the Division's investigation and its recommendation.

### **ISSUE**

The tariff sheets showing the final implementation of the above mentioned order were filed and approved by the Commission. Unfortunately the final tariff sheets of Section 2.08, Conservation Enabling tariff (CET), were inadvertently left out of the final version in the 15-057-T05 filing submitted on September 24, 2015, and the Division of Public Utilities (Division) did not notice this omission. However, on December 3, 2015 the Company filed these final CET tariff sheets and the Division has reviewed them.

### **DISCUSSION**

The Division has reviewed the tariff sheets attached to the Company's filing of December 3, 2015 and believes that they accurately portray the rates from the September order regarding the CET Section 2.08

### **CONCLUSION**

The Division recommends that the Commission approve the proposed revised tariff sheets as filed by the Company.
