

C.2 Cost of Service Information.

Forecasted Data – Rate Design. Test Period rate design data on a Utah allocated basis under all approved jurisdictional allocation methods used for reporting purposes.

Answer: All rate design data is included in the green tabs Revenue Requirement Model included in the testimony of Austin Summers as QGC Exhibit 4.16 Utah Rate Case Model.xls. These tabs are: Functionalization, Rules, Rate Design 2016, Sum—Win & Demand Charge, rates_2016, block_out_20316, block_out_current_2016, and rates_2016_criteria

Prepared by: Austin Summers, Regulatory Affairs Supervisor, Questar Gas Company
