

MDR_22 D.32 Miscellaneous Information.

OMAG Expenses – Dues, Industry Associations. The Material amounts included in the Base Year, the prior Historical Year and the Test Period for above-the-line payments to industry associations. Identify the organization/association name and amounts, along with the account in which the costs are included in the filing. If any of the dues or other amounts paid to the organizations/associations go toward lobbying and public relations efforts and are recorded in above-the-line accounts, provide the associated amounts included in the above-the-line accounts whether Material in magnitude or not.

Answer: All historical dues and donation amounts for Questar Corporation and Questar Gas are shown in “Donations” tab of the “QGC Exhibit 4.16 Utah Rate Case Model.xls.” The test period amounts were calculated by taking the historical amounts and adjusting them for 2016 and 2017 using the Global Insight inflation factors.
