

**MDR\_22 D.40 Miscellaneous Information.**

OMAG – Cost-saving Programs. A list and detailed description of cost-saving or cost increasing programs and initiatives implemented during the Base Year, To Date, and included in the Test Period. This should provide information on major plans or programs beyond efforts undertaken in the normal course of business and having a Material impact.

Answer: There have been no specific cost-saving or cost-increasing programs implemented in the base year, year-to-date 2016, or test year beyond efforts undertaken during the normal course of business to control costs and manage the business. For possible changes resulting from the merger with Dominion Resources, Inc., please refer to Docket 16-057-01.
