## MEMORANDUM

**To:** Public Service Commission

**From:** Division of Public Utilities  
Chris Parker, Director  
Energy Section  
Artie Powell, Manager  
Doug Wheelwright, Technical Consultant  
Eric Orton, Technical Consultant

**Date:** July 15, 2016

**Subject:** Complete Filing Requirement in QGC Docket No. 16-057-03

### **ISSUE:**

On July 1, 2016, Questar Gas Company (QGC) filed an application with the Utah Public Service Commission (PSC) to increase the Distribution Non-Gas Rates and Charges and to make Tariff Modifications. Per Utah Code §54-7-12 (2) (b) (ii), parties have 14 days to challenge the completeness of application per the Commission's rules.

### **RECOMMEND FILING IS A COMPLETE FILING:**

The Division of Public Utilities (Division) has reviewed the Application, as filed, and believes it constitutes a complete filing as contained in the PSC R746-700-(10),(20),(21),(22).

### **DISCUSSION:**

The Division has reviewed the application and compared the material filed with the application to the rules in R746-700-(10), (20), (21), (22). The table in the attached spreadsheet lists the above rules and whether the Division has verified that the information is contained in the filing.

Based on the review, the Division concludes that QGC has filed information in each required area. Therefore, the Division is not challenging the completeness of QGC's filing. Although the Division has verified that information for each rule exists as required, the Division makes no judgment regarding the accuracy of the information or whether the Division agrees with the information as filed.
