DOCKET: Docket No. 16-057-T01, Advice No. 16-02. In the Matter of Questar Gas Company's Proposed Tariff Revisions

RECOMMENDATIONS (Approve)

The Division of Public Utilities (Division) recommends that the Commission approve the revised carrying charge and changes in language affecting Questar Gas Company (Questar or Company) tariff Schedule 400 Section 8.07.

DISCUSSION and CONCLUSION

On January 28, 2016 Questar filed a revised tariff to implement the annual carrying charge update. In response to the Commission's action request to the Division dated January 28, 2016, the Division has reviewed the filing including the proposed 4.45 percent carrying charge and has determined that the proposed carrying charge was correctly calculated pursuant to the Commission's Order dated April 29, 2015 in Docket No. 14-057-32. The other changes to Schedule 400 Section 8.07 are incidental to implementing the updated carrying charge and

appear to be correct. Therefore, the Division recommends that the Commission approve the revised Schedule 400 Section 8.07 including the 4.45 percent carrying charge. The revised carrying charge is to take effect on March 1, 2016.
