Re: Docket No. 16-057-T02, In the Matter of Questar Gas Company's Proposed Tariff Revisions  
Docket No. 14-057-32, In the Matter of a Request for Agency Action to Review the Carrying Charges Applied to Various Questar Gas Company Account Balances

Dear Mr. McKay:

The Commission reviewed the proposed modification to Page 8-12 of Questar Gas Company's (Questar) Utah Natural Gas Tariff PSCU 400 (Tariff) filed on February 10, 2016. The proposed changes to Tariff Section 8.03, Fees and Charges, clarify that the carrying charge interest rate applied to Questar's energy assistance balancing account will be adjusted for the corresponding tax deferral balance in Account 283, update the advice and section revision numbers, and amend the effective date to April 1, 2016. The Commission also reviewed the Division of Public Utilities' (Division) February 18, 2016, action request response.

The Division accepts Questar's explanation of the origin of the carrying charge interest rate adjustment and agrees the proposed revision is necessary to ensure consistency with other balancing accounts. The Division recommends the Commission approve the revisions to Page 8-12 as filed.

Based on the Commission's review of Questar's filing and the Division's comments and recommendation, the revisions to Page 8-12 of Questar's Tariff are approved as filed, effective April 1, 2016.

Sincerely,

/s/ Gary L. Widerburg  
Commission Secretary
