Attorney for Questar Gas Company

BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

| | |
|--|--|
| IN THE MATTER OF THE APPLICATION OF QUESTAR GAS COMPANY FOR APPROVAL OF THE VERMILLION ACQUISITION AS A WEXPRO II PROPERTY | Docket No. 17-057-01 FIRST SUPPLEMENT TO THE APPLICATION |
|--|--|

INTRODUCTION

On January 9, 2017, Questar Gas Company (Questar Gas) filed an Application in this Docket (Application). On February 2, 2017, the Utah Public Service Commission (Commission) held a Technical Conference in this matter. During the Technical Conference, Questar Gas identified some errors in certain exhibits to the Application and accompanying testimony. Additionally, certain participants in the Technical Conference requested that Questar Gas provide alternative scenarios to some of the models that accompanied the Application.

Accordingly, Questar Gas respectfully submits the attached Exhibits as supplemental to the Application in this matter.

DISCUSSION

During discovery in this matter, Questar Gas became aware that Exhibits 2.2, 3.7, Application Exhibit L-1 and Application Exhibit L-5 contained an incorrect gathering rate for the Trail Unit. Attached QGC Exhibits 2.2.1S, 3.7.1S, and Application Exhibits L-1.1S and L-5.1S have been revised to correct the error in the gathering rate. Questar Gas has also attached, for the Commission's and Parties' convenience, updated Application Exhibits P-1.1S and P-5.1S, both of which contain the updated gathering rate.

QGC Exhibit 3.2 contained errors in Column D. Specifically, the information contained in Column D should have been included in Column B. Attached QGC Exhibit 3.2.1S has been corrected.

Finally, a participant in the February 2nd Technical Conference requested that Questar Gas provide an update to QGC Exhibit 3.7 that showed the cost analysis after removing costs and volumes from wells that the Hydrocarbon Monitor identified in his report as possibly being more risky. Attached QGC Exhibit 3.7.2LC shows the cost analysis without the inclusion of the identified wells.

Questar Gas respectfully submits this First Supplement to the Application and the updated exhibits referenced herein.

DATED this 7th day of February, 2017.

Respectfully submitted,

QUESTAR GAS COMPANY
