BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH

IN THE MATTER OF THE APPLICATION OF QUESTAR GAS COMPANY TO MAKE TARIFF MODIFICATIONS TO CHARGE TRANSPORTATION CUSTOMERS FOR PEAK HOUR SERVICES	Docket No. 17-057-09 APPLICATION
---	---

Pursuant to Utah Code Ann. § 54-3-3, Utah Code Ann. § 54-4-1 *et seq.*, and Utah Administrative Code §R746-100-1 *et seq.*, Questar Gas Company (Questar Gas or Company) respectfully requests that the Utah Public Service Commission (Commission) approve certain proposed changes to the Company's Utah Natural Gas Tariff No. 400 (Tariff) as more fully set forth herein. Specifically, Questar Gas Company seeks to charge transportation customers for their use of Firm Peaking Services provided to Questar Gas Company by Kern River Natural Gas Transmission Company (Kern River).

As more fully set forth in the Direct Testimony of Kelly B Mendenhall which is attached hereto as QGC Exhibit 1.0, when transportation customers use more gas than is nominated and delivered into Questar Gas' system on their behalf during the peak hour of a peak day, those customers must utilize the Peak Hour Service on Kern River in order to receive sufficient volumes to match their usage. Questar Gas proposes to charge these

customers for the services they utilize and to avoid inter-class subsidies that would occur if firm sales customers, alone, were required to pay for the service.

QGC Exhibit 1.0, the Direct Testimony of Kelly B Mendenhall, is attached in support of this Application and is incorporated herein by this reference.

WHEREFORE, Questar Gas Company respectfully requests that the Commission:

A. Schedule a time and place for hearing on this Application and give appropriate notice in accordance with Utah law; and

B. Enter an order authorizing Questar Gas to implement the proposed changes to be effective June 1, 2017.

RESPECTFULLY SUBMITTED this 1st day of May, 2017.

QUESTAR GAS COMPANY
