

OCS Exhibit 1.1R(b)

P.S.C.U. Docket No. 17-057-09

OCS Data Request No. 4.02

Requested by the Office of Consumer Services

Date of DEU Response August 7, 2017

OCS 4.02: For the peak day for the last three winter seasons, please identify the intra-day nominations made by/on behalf of firm and interruptible transportation service customers (separately). Include for each customer/supplier making such nominations:

- a. Date;
- b. Timely nomination quantity;
- c. Intra-day nomination quantity(ies); and
- d. Intra-day nomination cycle.

Answer: The high sendout days for the last three winter heating seasons was 12/30/14, 1/1/16 and 1/6/17. During these periods nomination for firm and interruptible volumes were nominated in a single contract for each customer. OCS 4.02 Attachment 1 shows the nomination for each customer's transportation contract for each cycle on these three high sendout days. It should be noted that the NAESB nomination schedule changed from 4 to 5 cycles in the 2016/2017 winter heating season.
