17-057-17

DOMINION ENERGY OF UTAH APPLICATION - DSM Application of Dominion Energy of Utah to Amortize the Energy Efficiency Deferred Account Balance

This is a request for the Division to provide analysis, evaluation results, and the basis for conclusions and recommendations regarding the following:

- Review for Compliance and Make Recommendations
- Review Application and Make Recommendations
- Analyze the Complaint
- Review Notice and Make Recommendations
- Review Request for Agency Action and Make Recommendations
- Respond in Accordance with the Notice of Filing and Request for Comments
- Investigate
- Other – Explanation and Statement of Issues to be addressed (See Below):

The PSC’s December 16, 2016 Order Memorializing Bench Ruling in Docket No. 16-057-11 states: “With respect to the DSM/EE Application, we note the Office’s opposition to semi-annual DSM/EE filings. We also note that absent from the DSM/EE application is an explanation of how DSM/EE rates set to collect approximately \$20.551 million are sufficient to address [Dominion’s] annual DSM/EE budget of over \$24 million. We direct [Dominion] to address these issues in its next DSM/EE filing.”

Please include in your comments in this docket an evaluation of whether Dominion has satisfied this requirement.

\*In the event the Commission issues an order or notice providing dates for comments and/or testimony in this docket:

- The Division shall respond consistent with the order or notice;
- The order or notice, including any deadlines, shall supersede and replace this action request; and
- This action request shall be deemed withdrawn.
