Director, Division of Public Utilities

COMMENTS

To: Public Service Commission

From: Division of Public Utilities
Chris Parker, Director
Energy Section
Artie Powell, Manager
Doug Wheelwright, Technical Consultant
Eric Orton, Technical Consultant

Date: February 23, 2018

Subject: Questar Gas, Docket Nos.
17-057-20 – 191 Pass-Through Application

ISSUE:

On February 15, 2018, The Public Service Commission requested comments concerning a possible change to the hearing date for this Docket due to potential conflicts with another Docket.

DISCUSSION:

The Division supports changing the hearing date in order to accommodate potential conflicts. As requested by the Commission, the Division has reviewed other calendar items in June 2018 and has identified only one potential conflict; June 13 through June 15. The Division has also contacted representatives from Overland Consulting to determine any potential conflicts. As of the date of this memo, Overland has no conflicts between June 18 and June 30, 2018. If the date for the hearing is rescheduled, the Division would also recommend that the Commission modify the schedule for rebuttal and surrebuttal testimony.

SUMMARY AND CONCLUSION

The Division would support a change in the schedule and has identified the potential conflicting dates as requested.
