DPU 5.15 Question:

Regarding exhibit 3.9. Please explain what other LDC's do in this situation which do not have storage close to the city gates as does DEU.

DPU 5.15 Answer:

Many LDC's utilize on-system storage to manage peak-hour demand. Other LDC's rely on the upstream pipelines to continue to provide service even when such pipelines cannot necessarily provide such service on a firm basis.

Prepared by: Will Schwarzenbach, Manager – Gas Supply
