ORDER GRANTING MOTION FOR DEFERRED ACCOUNTING TREATMENT

On January 2, 2018, the Utah Association of Energy Users (“UAE”) filed a Motion for Orders for Deferred Accounting Treatment of Benefits Associated with 2018 Tax Reconciliation Act (“Motion”) in this docket.¹ The Office of Consumer Services and the Division of Public Utilities each filed comments in support of the Motion on January 12, 2018. On January 31, 2018, DEU also filed comments and testimony generally supportive of deferred tax treatment of impacts associated with the recent, significant decrease in the federal corporate tax rate.

The PSC concludes deferred accounting treatment is appropriate but the record is not sufficient, at this time, to make findings that quantify the impact of the tax reform on revenue requirement or to make conclusions as to the most appropriate mechanism for redressing any associated imbalance in customer rates.

Therefore, the PSC grants the Motion for deferred accounting treatment and orders: DEU shall defer as a regulatory liability all revenue requirement impacts of the federal tax legislation referenced in the caption of this order, beginning on January 1, 2018 and continuing until otherwise ordered by the PSC. The PSC will consider the parties’ respective positions concerning the duration of the deferred accounting treatment, the quantification of impacts on revenue requirement and any appropriate refund mechanisms in additional proceedings within this docket for which the PSC notices a scheduling conference above.

¹ UAE filed the Motion in this docket and also in Docket No. 17-035-69, which concerns PacifiCorp dba Rocky Mountain Power. This Order addresses and grants the Motion only with respect to this docket. The PSC will separately address UAE’s Motion as filed in Docket No. 17-035-69.
