Dear Commissioners:

Pursuant to the Order Approving Stipulation in Docket No. 15-057-10, Dominion Energy is filing its report of the five-year forward curve. The curve is included as Attachment 1. This curve was calculated using the same method as described in paragraph 14 of the Settlement Stipulation in Docket No. 15-057-10. The spreadsheet detailing the calculations in the five-year forward curve is included as attachment 2. For informational purposes, we have also included Attachment 3, which shows that during the 2018-2019 IRP year, 62.6% of the forecast demand for Dominion Energy customers was supplied by Wexpro production.

Please let me know if you need any other information or have any questions.

Regards,
