Re: *Status Update*
In the Matter of the Application of Dominion Energy Utah for the Approval of a Special Contract with Fleet Saver, LLC for RNGT Service
Docket No. 19-057-11

Dear Commissioners:

Pursuant to the Report and Order in Docket No. 19-057-11 (Order), Questar Gas Company dba Dominion Energy Utah (Dominion Energy or the Company) respectfully submits this status update to the Fleet Saver Agreement (Agreement).

The Order requires the Company to prepare a report within 90 days after the first year the Agreement took effect. The Agreement took effect on October 1st, 2019. The Order further provides that the report must include the following:

- a. the actual maximum one-day Fleet Saver amount at each station,
- b. the actual maximum hourly usage at each station, and
- c. any complaints by “normal” CNG customers and neighboring residents or businesses regarding Fleet Saver’s usage of the NGV filling stations.

Attachment A provides Fleet Saver’s maximum usage at each station. Page 1 provides the maximum one-day volumes distributed at each station. Page 2 provides the maximum hourly volumes distributed at each station.

The Company has not received any complaints by “normal” CNG customers and neighboring residents or businesses regarding Fleet Saver’s usage of the NGV filling stations.

Please contact me if you have any questions or concerns.

Sincerely,

/s/ Kelly Mendenhall
