Mr. Hammer,

The Company has learned that one of its witnesses has a conflict with the previously identified technical conference time in the above-referenced docket. We have conferred with the other parties and have agreement that the Technical conference can be scheduled on February 5th with a 1:00 p.m. start time instead of 10:30 a.m. start time, as previously discussed. If that is amenable to the Commission, we would request that the Scheduling Order reflect the 1:00 p.m. start time.

Please let me know if you have any questions or concerns.
