ISSUED: January 26, 2021

On January 11, 2021, the Public Service Commission (PSC) issued a Notice of Technical Conferences (“Notice”) in this docket. On January 25, 2021, Dominion Energy Utah (DEU) filed a Motion to Amend the Notice (“Motion”). In the Motion, DEU states it would like to add “Gas Supply Hedging” as a topic at the February 9, 2021 technical conference and requests the PSC amend the Notice to reflect the additional subject matter. DEU further states the addition of this topic will not require the disclosure of any confidential information. Good cause appearing, the Motion is granted and the Notice is amended as follows:

The purpose of these technical conferences is to allow DEU representatives to present information regarding the development and results of its 2021 IRP, and to allow parties and the PSC an opportunity to ask questions. Parties having questions they would like DEU to address at any of the technical conferences should email such questions one week prior to the technical conference to the PSC ([psc@utah.gov](mailto:psc@utah.gov)), Jenniffer Clark ([jenniffer.clark@dominionenergy.com](mailto:jenniffer.clark@dominionenergy.com)), Kelly Mendenhall ([kelly.mendenhall@dominionenergy.com](mailto:kelly.mendenhall@dominionenergy.com)), and Austin Summers ([austin.summers@dominionenergy.com](mailto:austin.summers@dominionenergy.com)). Portions of the April 28, 2021 conference may be closed to preserve the confidentiality of sensitive information. A party who is concerned about potentially being excluded from such a discussion should contact DEU well in advance of the conference to explore whether a non-disclosure agreement may alleviate DEU's objection to the party receiving the confidential information. To the extent the parties cannot come to an agreement, the parties should submit their dispute to the PSC at the earliest practicable date in advance of the conference.

**NOTICE OF VIRTUAL TECHNICAL CONFERENCE**

Pursuant to Utah Code Ann. § 52-4-207, on January 11, 2021, the chair of the PSC made a written determination that, due to the COVID-19 pandemic and the continued risks of transmission in Utah, the technical conference scheduled for February 9, 2021 will be conducted as a virtual meeting without an anchor location. An anchor location would provide a substantial risk to the health and safety of those who may be present at the anchor location. This conference will be conducted via Google Meet at the following link: <https://meet.google.com/juu-ydea-wte>

Participants are free to deactivate video, and should always mute audio, when not actively participating. Participants also may find it useful to have headphones or earbuds available in the event of feedback. In the event of unresolvable technological problems related to the technical conference's video conferencing, participants should use the following audio only participation information: 475-558-0266 PIN: 647 629 535#.

In accordance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) during the technical conferences should notify the PSC at 160 East 300 South, Salt Lake City, Utah 84111, (801) 530-6716, at least three working days prior to the technical conferences.
