The purpose of these technical conferences is to allow DEU representatives to present information regarding the development and results of its 2021 IRP, and to allow parties and the PSC an opportunity to ask questions. Parties having questions they would like DEU to address at any of the technical conferences should email such questions one week prior to the technical conference to the PSC (psc@utah.gov), Jenniffer Clark (jenniffer.clark@dominionenergy.com), Kelly Mendenhall (kelly.mendenhall@dominionenergy.com), and Austin Summers (austin.summers@dominionenergy.com). Portions of the April 28, 2021 conference may be closed to preserve the confidentiality of sensitive information. A party who is concerned about potentially being excluded from such a discussion should contact DEU well in advance of the conference to explore whether a non-disclosure agreement may alleviate DEU's objection to the party receiving the confidential information. To the extent the parties cannot come to an agreement, the parties should submit their dispute to the PSC at the earliest practicable date in advance of the conference.

NOTICE OF VIRTUAL TECHNICAL CONFERENCES

The PSC gives notice the technical conferences scheduled for April 28, May 18, and June 22, 2021 will be conducted as virtual meetings. Participants are free to deactivate video, and should always mute audio, when not actively participating. Participants also may find it useful to have headphones or earbuds available in the event of feedback.

In accordance with the Americans with Disabilities Act, individuals needing special accommodations (including auxiliary communicative aids and services) during the technical conferences should notify the PSC at 160 East 300 South, Salt Lake City, Utah 84111, (801) 530-6716, at least three working days prior to the technical conferences.

DATED at Salt Lake City, Utah, April 9, 2021.
