

- BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH -

Formal Complaint of John Kevin Parsons
against Dominion Energy Utah

DOCKET NO. 21-057-03
INFORMATION REQUESTS

ISSUED: April 14, 2021

The Public Service Commission (PSC) needs additional information in this case before making a decision. The PSC directs each party to respond to the following information requests. The Information Requests under Paragraph A are for Dominion Energy Utah (DEU), and those under Paragraph B are for Mr. Parsons.

A. DEU Information Requests:

1. Please itemize the additional \$414.78 DEU is charging Mr. Parsons under the referenced second contract, received by Mr. Parsons February 23, 2021.
2. Why did DEU decide to install the meter's location on the west side of the home behind the stairwell and window, given DEU representatives informed Mr. Parsons, on February 22, 2021, that the southeast corner of the home did not violate any of DEU's policies, nor cause any major concerns?

B. Mr. Parsons Information Requests:

1. Please provide additional photographs of your home, not your neighbors' homes. The photographs provided by DEU create an inference supporting DEU's contention that your preferred location is inaccessible during heavy winter conditions. Please provide sufficient photos to show a safe walking path, assuming heavy winter conditions. The PSC would like to see that Mr. Parsons' proposed meter location is just as safe as that of DEU's preferred location. Pictures comparing the two locations would be helpful.

The PSC asks the parties to respond by **Friday, April 23, 2021**.
