Hi everyone,

I hope that you're all doing well. I am writing regarding the PSC's upcoming Technical Conference scheduled in Docket 21-057-12, Application of Dominion Energy Utah to Extend Service to Green River, Utah, for Thursday, September 16, at 10 AM. We had planned to host the technical conference in person, but a construction project in our building has disrupted audio conferencing equipment and made it difficult, or potentially impossible, to host a meeting with some participants in person and others participating virtually.

Due to that difficulty, we propose to shift the technical conference to a virtual, online-only technical conference occurring at the same date and time as was previously scheduled. Does any party have any objection to proceeding that way? If so, please respond with your objection via email to sjohnston@utah.gov.

We appreciate your cooperation.

Best,

Sam Johnston
