Dear Mr. Gill:

We are responding to your pre-construction notification for a Department of the Army (DA) permit for the Green River Pipeline project. The proposed project is located at the crossing of Main Street and the Green River, Latitude 38.99369°, Longitude -110.14305°, Green River, Emery County, Utah (Enclosure 1).

Based on the information you provided to this office, the Green River Pipeline project involves work/structures under the Green River, subject to Section 10 of the Rivers and Harbors Act. The specific activities that require DA authorization is the horizontally directional drilling of a natural gas pipeline under the Green River. The proposed activities would be conducted in accordance with the "Green River Extension HDD Bore at Green River Crossing, Sheet 1 of 5," plans, dated May 5, 2022 (Enclosure 2).

We have determined that activities in waters of the U.S. associated with the project are authorized by Nationwide Permit Number (NWP) 12, Oil and Natural Gas Pipeline Activity. You must comply with all terms and conditions of the NWP (Enclosure 3) and applicable regional conditions (Enclosure 4). In addition, your work must comply with the following special conditions:

1. You shall comply with all terms and conditions of the Dec 8, 2020, State of Utah, Section 401 Water Quality Certification (Enclosure 5).
2. Within 30 days after completion of the authorized work, you must sign the enclosed Compliance Certification and return it to this office (Enclosure 6).

This verification is valid until **March 14, 2026**, when the existing NWPs are scheduled to be modified, reissued, or revoked. Furthermore, if you commence or are under contract to commence this activity before the date the NWP is modified, reissued, or revoked, you will have 12 months from the date of the modification, reissuance or revocation to complete the activity under the present terms and conditions. Failure to comply with the general and

regional conditions of this NWP, or the project-specific special conditions of this authorization, may result in the suspension or revocation of your authorization.

We would appreciate your feedback on this permit action including your interaction with our staff and processes. For more information about our program or to complete our Regulatory Program national customer service survey, visit our website at www.spk.usace.army.mil/Missions/Regulatory.aspx.

Please refer to identification number SPK-2022-00475 in any correspondence concerning this project. If you have any questions, please contact me at the Utah Regulatory Office at 533 West 2600 South, Suite 150, Bountiful, Utah 84010, by email at hollis.g.jencks@usace.army.mil, or by telephone at (801) 295-8380 ext. 8318.
