*Re: Tariff Sheet Compliance Filing*

*Docket No. 22-057-03: Application of Dominion Energy Utah to Increase Distribution Rates and Charges and Make Tariff Modifications, and*

*Docket No. 22-057-18: Dominion Energy Utah's Application for Approval of the 2023 Year Budget for Energy Efficiency Programs and Market Transformation Initiative*

Dear Mr. Widerburg:

Dominion Energy Utah (DEU or Company) respectfully submits revised tariff sheet(s) for its Utah Natural gas Tariff No. 600 (Tariff) in Docket No. 22-057-03. On January 26, 2023, the Utah Public Service Commission (Commission) issued a letter regarding the above-referenced dockets. In that letter, the Commission identified two discrepancies between the Tariff sheets advanced by the Company and the Application in Docket No. 22-057-18. The Commission also indicated that the Advice Letter previously advanced by the Company lacked certain statements required by Utah Admin. Code R746-405-2(D)(3)(g). The Company respectfully submits this letter and the attached Tariff sheets to remedy those items.

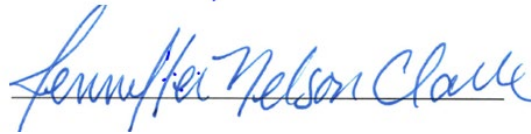

First, the Commission noted that page 2-29 of the submitted Tariff sheets reflected 5 tons in the first tier of Advance Rooftop Controls, rather than the 3 tons reflected in the Tariff sheets the Commission approved in Docket No. 22-057-18. The Company has revised the Tariff sheets to be consistent with those approved by the Commission.

The Commission also noted that the submitted tariff page 2-32 showed a rebate amount of \$5.00, different from the \$2.50 rebate shown in the Application in Docket No. 22-057-18. Though the Application in Docket No. 22-057-18 indicated a proposed "rebate of \$2.50 per Dekatherm saved" for the High-Performance New Construction measure, page 2-32 of the proposed Tariff sheets attached as DEU Exhibits 1.9A and 1.9B to the Application reflected a rebate of \$5.00. The amount shown in the Application was incorrect, and the attached Tariff sheets were correct. Therefore, the Company respectfully requests that the Commission approve the attached Tariff sheets which reflect the correct rebate amount, and are consistent with the Tariff sheets that the Commission approved with the Application.

Mr. Gary Widerburg

Page Two

Finally, the Commission noted that the Company neglected to include a statement that the proposed Tariff sheets do not violate state law or PSC rule, as required by Utah Admin. Code R746-405-2(D)(3)(g). The Company confirms and represents that the attached Tariff sheets do not constitute a violation of state law or Commission rule.

Respectfully Submitted,

Jenniffer Nelson Clark  
Assistant General Counsel
