Re: *Dominion Energy Utah's Application for Approval of the 2023 Year Budget for Energy Efficiency Programs and Market Transformation Initiative, Docket No. 22-057-18; and Dominion Energy Utah's Energy Efficiency Reports, 2023, Docket No. 23-057-05*

Dear Mr. Mendenhall:

The Public Service Commission (PSC) reviewed Dominion Energy Utah's (DEU) September 7, 2023 filing of a Report on Demand Side Management Expenditures to Date ("Report"). The filing was made pursuant to reporting requirements set forth in the PSC's January 12, 2010 Order in Docket No. 09-057-15 ("2010 Order"). The Report provides notice that in July 2023 the Low-Income Program spending surpassed 80% of its 2023 approved budget of \$0.73 million, exceeding the notification threshold set by the 2010 Order. Additionally, the Report states that DEU does not anticipate exceeding the 2023 approved budget of the Low-Income Program.

The Division of Public Utilities (DPU) submitted comments on September 21, 2023 and no party filed reply comments. DPU recommends the PSC acknowledge DEU's Report. DPU also states that DEU agrees to continue monitoring and managing participation for all its energy efficiency programs.

Based on the PSC's review of DEU's Report and DPU's comments and recommendation, the PSC acknowledges that DEU's Report complies with the reporting requirements described in the 2010 Order.

Sincerely,

/s/ Gary L. Widerburg  
PSC Secretary
