REPORT**

---

Questar Gas Company dba Dominion Energy (Dominion Energy or the Company) respectfully submits this report and its accompanying exhibit to the Utah Division of Public Utilities (Division) in accordance with the Report and Order issued February 21, 2014 in Docket No. 13-057-05 (Order). In the Order, the Utah Public Service Commission (Commission) approved a Partial Settlement Stipulation (attached to the Order as Appendix A). Paragraph 22(C) of the Partial Settlement Stipulation indicates that the Company will file quarterly variance reports showing the actual expenditures in the infrastructure replacement program, as compared to the budget, and describing any material variances from the most current replacement schedule.

The 2023 Budget included a budget for high pressure feeder line (HP) and intermediate high-pressure belt main (IHP) replacement projects during 2023.

The attached Exhibit 1 provides budgeted amounts for both HP and IHP projects replaced in 2023,

as well as the amount spent for each replacement project through June 30, 2023. Column B of Exhibit 1 shows the budget by project. Column C shows the costs through the second quarter of 2023. Column D shows the variance for 2023 for each of these projects.

The Company will continue to provide quarterly feeder line progress updates on an ongoing basis.

DATED this 1st day of August 2023.

Respectfully submitted,
