Re: *Application of Dominion Energy Utah for a Change to Tariff Section 2.07 –
Infrastructure Rate Adjustment Tracker; Docket No. 22-057-T04*

Dear Mr. Mendenhall:

The Public Service Commission (PSC) reviewed Dominion Energy Utah's (DEU) November 10, 2022 Application that proposes to revise Section 2.07 of its Utah Natural Gas Tariff PSCU 500 ("Tariff"). DEU states the revised Tariff is consistent with the PSC's February 25, 2020 Report and Order issued in Docket No. 19-057-02 ("Order"). The Division of Public Utilities (DPU) filed comments on November 16, 2022.

DPU recommends the PSC approve the revised Tariff, which updates the due date for DEU to file an updated master list containing all high pressure and intermediate high pressure pipeline project schedules from April to June of each year, and comments that it complies with the PSC's Order.

Based on the PSC's review of DEU's Application and DPU's comments and recommendations, the PSC approves DEU's revised Tariff Section 2.07, effective January 1, 2023.

Sincerely,

/s/ Gary L. Widerburg
PSC Secretary
