Re: Docket No. 23-057-02

Dear Mr. Widerburg:

In compliance with the Modified Standards and Guidelines for Integrated Resource Planning, the Report and Order in Docket No. 09-057-07 dated March 22, 2010, the Report and Order dated August 6, 2012 in Docket 12-057-07, and the Report and Order in Docket No. 13-057-04 dated October 22, 2013, Questar Gas Company dba Dominion Energy Utah (Dominion Energy) submits its confidential Second Quarter Variance Report for the months of September 2023 through November 2023.

Some of the attachments to these reports are filed as confidential information pursuant to Utah Admin. Code § 746-1-601 *et seq.* and “protected” pursuant to Utah Code Ann. 63G-2-101 *et seq.* Dominion Energy desires that this information not be released to the general public because to do so would cause an unfair competitive injury to Dominion Energy. Among other things, disclosure of the enclosed information would result in a significant bargaining disadvantage for the Company in negotiations with producers. Dominion Energy requests that the Commission maintain this report as confidential pursuant to the applicable statutes, rules and regulations. The Company will provide confidential copies of this report to the Division of Public Utilities and the Office of Consumer Services pursuant to the confidentiality provisions of Utah Admin. Code § 746-1-601, *et. seq.*

I have also enclosed, for the Commission’s convenience, a non-confidential redacted copy of the Report.

If you have any questions regarding this matter, please do not hesitate to contact me.

Very truly yours,
