Good afternoon, I received this message, I would like to clarify that in the document sent: DPU Attachment 1 - Informal Complaint - Complaint Information, it has the wrong name, my name is Mrs. Darger not Mrs. Billiard.

It is puzzling to me that having 2 units, exactly the same square footage and both empty, that only one the bill skyrocketed. As I am not a technician my resources are limited. But I do want to notify that the technician saw my billing statements from both of my properties and noticed inconsistencies with them. He also stated that sometimes the needles of the meter stick and changes the readings.

I would also like to know when the meter in unit "A" was spraypainted. For the reason that they missed the one meter that didn't have any problem skyrocketing in usage whatsoever.
