

Budget Billing Customer Calculation Example

Step 1	Account Balance (as of August 1, 2023):	
	Divide Account Balance by 12 months:	
Step 2	Customer Prior 12-month Usage:	
	Divide Month Dollar Owed by 12 months:	
Step 3	Determine Rate Increases that have occurred since Budget was last reviewed:	
	Multiply Month Dollar Owed by Rate Increase:	
Step 4	Sum Account Balance and Adjusted Dollar Owed:
