Re: **Docket No. 23-057-22**, Application of Dominion Energy Utah to Change the Infrastructure Rate Adjustment.

Recommendation (Acknowledge)

The Division of Public Utilities (Division) recommends that the Public Service Commission of Utah (Commission) Acknowledge the filed tariff sheets offered by Dominion Energy Utah (Dominion) on January 2, 2024. The Division reviewed the tariff sheets filed to determine if they comply with the Commission's December 21, 2023, order approving the rates on an interim basis. The Division recommends that the tariff sheets be acknowledged and be made available to the public.

Issue

On January 2, 2024, Dominion submitted its final tariff sheets in this docket. On January 5, 2024, the Commission issued an Action Request directing the Division to review the filing for compliance and make a recommendation.

The Division has reviewed the submitted tariff sheets for the Infrastructure Rate Adjustment Tracker as required to ensure accuracy to the Commission's December 21, 2023, order approving the rates filed as Exhibit 1.5a in the original application. The Division compared

the line item for the Tracker to the sheets filed on January 2, 2024, and found them to be identical to the Distribution Non-Gas (DNG) cost portions of its Utah GS, FS, IS, TSS, TSM, TSL, TSF, TBF, MT, and NGV natural gas rate schedules.

Conclusion

The tariff sheets filed on January 2, 2024, accurately represent the rates approved by the Commission in its December 21, 2023, order. Therefore, the Division recommends the Commission acknowledge the filing as compliant.
