Attorney for Enbridge Gas Utah

- BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH -

PASS-THROUGH APPLICATION)	
OF ENBRIDGE GAS UTAH FOR)	Docket No. 24-057-09
AN ADJUSTMENT IN RATES AND)	
CHARGES FOR NATURAL GAS)	
SERVICE IN UTAH)	SUBMISSION OF SUPPLEMENTAL
)	INFORMATION AND CORRECTED
)	CONFIDENTIAL EGU EXHIBIT 1.3,
)	AND CORRECTED EGU
)	EXHIBITS 1.7 AND 1.8

Questar Gas Company dba Enbridge Gas Utah (“Enbridge Gas” the “Company”) respectfully submits the supplemental information set forth below, and Corrected CONFIDENTIAL EGU Exhibit 1.3, and Corrected EGU Exhibits 1.7 and 1.8. The Company respectfully moves the Utah Public Service Commission to accept the supplemental information provided below, to strike the previously-filed EG Confidential Exhibit 1.3, and EG Exhibits 1.7 and 1.8, and to replace those exhibits with the attached Corrected CONFIDENTIAL EGU Exhibit 1.3, and Corrected EGU Exhibits 1.7 and 1.8.

On June 3, 2024, the Company filed the Application in this matter seeking approval of a rate decrease described therein. It requested an effective date of July 1, 2024. The Company also attached EG Confidential Exhibit 1.3, EG Exhibits 1.7 and 1.8. EG Exhibit 1.3 is a confidential comparison of natural gas price forecast and EG exhibits. Exhibits 1.7 and 1.8 contained legislative

and clean versions of the proposed changes to the Company's Utah Natural Gas Tariff No. 700¹ ("Tariff"). The Utah Division of Public Utilities identified an error in EG Confidential Exhibit 1.3. Therefore, the Company attached EG Confidential Exhibit 1.3 which contained a mathematical error causing the graph to show incorrect averages. EG Exhibits 1.7 and 1.8 contained incorrect Advice Numbers and incorrect Section Revision Numbers. The Company therefore offers the following supplemental information and Corrected CONFIDENTIAL EGU Exhibit 1.3, and Corrected EGU Exhibits 1.7 and 1.8. None of these corrected changes have an impact on the calculated rates.

SUPPLEMENTAL INFORMATION

There is Good Cause to Approve the Application in Less Than 30 Days

Utah Code Ann. §54-3-3 provides,

Unless the Commission otherwise orders, no change shall be made by any public utility in any rate, fare, toll, rental, charge or classification, or in any rule, regulation or contract relating to or affecting any rate, toll, fare, rental, charge, classification or service, or in any privilege or facility, except after 30 days' notice to the commission and to the public as herein provided. . . . The commission for good cause shown may allow changes, without requiring the 30 days' notice herein provided for, by an order specifying the changes so to be made, the time when they shall take effect and the manner in which they shall be filed and published.

Here, the Company has requested approval of the proposed rate changes in less than the prescribed 30 days, but offers the following evidence of good cause warranting the shorter timeframe.

First, the Application seeks approval of a significant decrease in rates, and it is in the public interest to implement the rate reduction promptly. Specifically, the Company has proposed a decrease of \$479,543,728 in its Utah natural gas rates, resulting in an annual rate reduction for a typical Utah customer of \$277.44 (or 29.53%). The Company believes that providing customers with the benefit of this rate reduction promptly is sufficient good cause to warrant approval on July 1, 2024, notwithstanding the slightly shorter timeframe for Commission and public notice.

¹ Pending Commission Approval of Docket No. 24-057-T03.

The Company could have filed the Application in this docket a few days earlier to ensure 30 days' notice prior to the requested effective date of July 1, 2024, but doing so would have created confusion and administrative complexities. Specifically, on June 1, 2024, the Transaction described in Docket No. 23-057-16 closed and Enbridge Gas became a subsidiary of Enbridge Quail Holdings LLC. Commensurate with this closing, Enbridge Gas ceased doing business as "Dominion Energy Utah" and commenced doing business as "Enbridge Gas Utah" in Utah. For convenience, the Company filed, concurrent with the Application in this pass-through docket, an application in Docket No. 24-057-T03 seeking to modify its name on its Utah Natural Gas Tariff. The Company also filed an application seeking approval to modify the Transportation Imbalance Charge (Docket No. 24-057-08), and a Motion to implement Step 3 Rates in Docket 22-057-03. The Company hoped that by filing all dockets concurrently, that all changes associated with this docket, and other concurrently filed dockets, could take place on the same day. This results in fewer versions of the final Tariff being provided to the public, less confusion about the Company's identity, and lower likelihood that customers would be confused. The Company could not file the application in Docket 24-075-T03 until after the June 1st closing. June 3 was the first business day thereafter.

CORRECTED TARIFF SHEETS

As noted above, the Tariff sheets submitted with the Application in this docket contained some errors, incorrect Advice Numbers, and incorrect Section Revision Numbers. The Company has corrected those errors and respectfully submits the attached Corrected CONFIDENTIAL EGU Exhibit 1.3 and Corrected EGU Exhibits 1.7 and 1.8.

Based on the foregoing, the Company respectfully requests that the Commission accept the enclosed supplemental information, strike the previously-filed EG Confidential Exhibit 1.3 and EG Exhibits 1.7 and 1.8 and replace them with Corrected CONFIDENTIAL EGU Exhibit 1.3 and Corrected EGU Exhibits 1.7 and 1.8.

A Company witness will appear at the hearing on this matter to verify the statements made herein.

DATED the 13th day of June 2024.

Respectfully submitted,

ENBRIDGE GAS UTAH
