Attorney for Enbridge Gas Utah

- BEFORE THE PUBLIC SERVICE COMMISSION OF UTAH -

APPLICATION OF ENBRIDGE)	Docket No. 24-057-26
GAS UTAH FOR AN ADJUSTMENT)	
TO THE DAILY TRANSPORTATION)	SUBMISSION OF CORRECTED
IMBALANCE CHARGE)	EGU EXHIBIT 1.1

On December 31, 2024, Questar Gas Company dba Enbridge Gas Utah (EGU or the Company) filed a Verified Application in the above-referenced docket (Application) seeking the Utah Public Service Commission’s (Commission) approval to modify the Daily Transportation Imbalance Charge (DNG) pursuant to paragraph IV.J. of the Utah Public Service Commission (“Commission”) Order dated November 9, 2015 in Docket No. 14-057-31 (Order) and § 5.01 of the Company’s Utah Natural Gas Tariff No. 700 (“Tariff”).

With the Application the Company also filed Exhibit 1.1, which shows the calculation of the TIC surcharge rate using the methodology approved in Docket No. 14-057-31. Exhibit 1.1 also includes this same calculation for some historical dockets dating back to the original 2014 TIC surcharge calculation. However, when preparing Exhibit 1.1 the Company inadvertently excluded the TIC surcharge calculation for some historical dockets from 2020-2022. While the TIC adjustment calculation for these and all prior TIC dockets have been filed in their respective dockets with the same format and exist as part of the public record, the Company submits corrected Exhibit 1.1 to include all historical dockets pursuant to the Commission’s Order in Docket No. 24-057-08 which states: “We thus conclude that EGU shall file all future TIC application exhibits as they have been historically provided.” To date, the Company has filed 20 historical dockets in

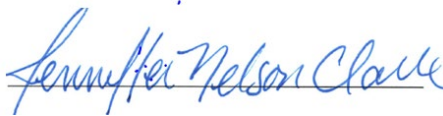

addition to this current docket. Exhibit 1.1 Corrected has been attached and includes the inadvertently omitted dockets from prior years.

The Company notes that these historical calculations were provided to the Division on January 2nd, 2025 and have no impact on the requested rate adjustment in this docket.

DATED this 24th day of January, 2025.

Respectfully submitted,

Enbridge Gas Utah
