Dear Commissioners,

As requested during the recent hearing, the parties are providing the matrix that summarizes agreed-upon items in the general rate case. Please note that the matrix only includes issues where one or more parties agree and the remaining parties did not take a position. If there was any disagreement on an issue, it has not been included in this matrix. We hope this format provides clarity and meets the Commission's expectations. Should you have any questions or require additional detail, please let us know.
