Re: **Docket No. 25-057-06**, Application of Enbridge Gas Utah to Increase Distribution Rates and Changes and Make Tariff Modifications.

On January 15, 2026, the Utah Division of Public Utilities (Division) submitted a memorandum (Memo) in Docket No. 25-057-06 to the Public Service Commission of Utah (Commission), advising the Commission of potential concerns regarding the Normal Heating Degree Days calculation. The Division inadvertently submitted the draft Memo without prior review and approval from other parties. The attached memorandum supersedes the version filed on January 15, 2026.

A corrected version of the Memo has been officially filed concurrently with this correspondence.
