Re: *Enbridge Gas Utah's Utility Bill Assistance Program Annual Reports*,  
Docket No. 25-057-12

Dear Mr. Summers:

The Public Service Commission (PSC) reviewed Enbridge Gas Utah's ("EGU," formerly "Dominion Energy Utah") July 30, 2025 filing of its Utility Bill Assistance Program ("UBAP") Semi-Annual Report ("Report"). The filing was made pursuant to reporting requirements set forth in Utah Code § 54-4-42.

The Report indicates that EGU had received and disbursed approximately \$7.4 million to eligible customers between March 2023 and August 2024. Specifically, the Report states that EGU had disbursed about 37,000 payments totaling \$7.4 million with a remaining balance at the end of June 2025 of \$23,386. Additionally, the Report states EGU "does not plan to make any additional funding requests or disbursements to customers and plans to return the remaining balance in the account to the Division of Public Utilities when the account is settled."<sup>1</sup>

The Division of Public Utilities (DPU) submitted comments on August 29, 2025. DPU states that this is EGU's first semi-annual UBAP status report of 2025. Additionally, DPU states "[EGU] has complied with Utah Code Ann. § 54-4-42 and Section 8.03 of its Tariff by submitting this first 2025 semi-annual report with the accompanying attachments."<sup>2</sup> Therefore, DPU recommends the PSC acknowledge EGU's Report.

Based on the PSC's review of EGU's Report and DPU's comments and recommendation, the PSC acknowledges that EGU's Report complies with the reporting requirements in Utah Code § 54-4-42.
